Dear Friend of UHF TV,

Your 2021 contribution to Renville County UHF TV will keep TV on the air, especially for folks whose only source of TV is UHF from the Renville County TV tower at Bird Island.

It costs nearly \$35,000 a year to maintain the Renville County UHF TV Tower.

Some of the many expenses are: FCC regulation and licensing fees, electricity at the tower site, tower and equipment insurance, property taxes, office expense, equipment maintenance and replacement, etc.

We are continuing to make progress on the upgrades being made to have our system perform more reliably. Also, we hope to add MPLS channel 23 shortly as well as KTCA Channel 2 PBS.

Please Auto-Scan occasionally so you can be sure you are getting all of the channels.
